SB46**I, Raymee Haubrich, stand in favor of this legislation, Senate Bill 46**

Plain and simple, life begins at conception. Each one of you was created in the image of God. Gen. 1:26-27

Why on earth would you want to deny someone else the ability to be born?

Does our entire existence as a free nation depend on our ability to preserve life, allowing all persons to be born, given the chance at life?

Do you dislike your life so much as to deny the opportunity for another person to be born?

Do you enjoy power so much as to look down on someone that has been born with an ability you do not understand, such as Down syndrome?

Simply because they do not act nor behave as you do, does that mean their life has less value?

Do you value things that perish, vehicles that will not run on their own, computers that do not type for themselves, bicycles that will not pedal themselves, televisions that do not enjoy watching themselves, all these things, so many things, worshipped, pined for, and will eventually be left behind. Can chasing after these things bring you any closer to growing 6 inches taller? Have you become god and wise in your own eyes to be blinded by the fact you once were a child, born of a man and woman? I would like to say a father and mother, but some of you may not have had either

What do you deserve? Since you were created, what do you deserve?

This debate comes down to a proper function of government. Government is to recognize there is a God, our rights come from him, and it is up to government to protect and preserve those rights. Protecting the life of the unborn is a proper function.

Until God does a supernatural work in your life, you may very well continue in blindness considering yourself to be god. Remember, God gave only this day for salvation. Turn, repent, confess that Christ is Lord and thou shall be saved.

Margaret Sanger, the founder of the organization that today is Planned Parenthood, began her crusade for abortion on the theme of eugenics. Her slogan, "Birth Control: To Create a Race of Thoroughbreds," appealed to the type of racist thinking that gave rise to Hitler's propaganda and the resultant "racial purification" violence of the concentration camps. (1) This is the same mentality that people have that want to keep funding Planned Parenthood, keep doors of abortion, baby killing facilities open. Believe it or not, you could be sitting next to a person with this mentality, or worse, it is your perspective. Therefore, judge yourselves first. Search your own heart. Do you want to allow more babies to be murdered? Who is more dangerous, the liar or the believer of the lie.

If the only thing you hear from me today, let it be that Christ is Lord. Neither is there salvation in any other for there is none other name under heaven given among men, whereby we must be saved.
